

# UAS DIPLOMA

Below is the JAA Training Organisation (JAA TO) Unmanned Aircraft Systems (UAS) Diploma scheme. The courses (*classroom/virtual/online*) can be combined for a sequence of badges. Each badge entitles the badge holder to benefit from serial diploma discounts when enrolling for the next training. The UAS Diploma will be awarded upon completion of the full training path. This unique UAS-focused education will provide JARUS-certified course content bundled in interactive training activities. Fast-track your career and receive unique credentials by obtaining the JAA TO Diploma.
